The purpose of this research was to study the state and problems of Thai Classical Music Instruction Management concern with goals, policies, administrator's suporting, teaching preparation, instructional activities, teaching aids, classroom climate and learning evaluation in primary schools under the jurisdiction of the Office of Bangkok Primary Education Commission.

The findings were as follows :

1. Most administrators identified aims of Thai Classical Music Instruction to enhance students' abilities on knowledge, skills and attitude toward Thai Classical Music by organizing teachers for instruction according to their knowledge and experiences in this area as well as promoting students' performance in Thai Classical Music.
2. Most teachers who taught in school time stated the importance of teaching preparation, teaching by demonstration and student practicing. Tape recorder was mostly used as teaching aids and evaluation by group practice. Out of school time teachers preferred teaching individually and set critirion of students' abilities.
3. Most important problems that the administrators and teachers found were the lack of : qualified Thai Classical Music teachers, instruments and budget.
4. Most students satisfied with the experiences of Thai Classical Music they recieved in all aspects.
