Abstract

This research had two objectives : (1) to study the anxiety among the police inquiry officials of provincial police in Khon Kaen province. (2) to compare the anxiety among the police inquiry officials of provincial police classified by the status of the police station in Khon Kaen province. This research used the questionnaires to gather datas. Sample subjects were 137 commissioned police officers that act as the inquiry officials of provincial police in Khon Kaen and 137 questionnaires were sent back. The data were analysed by computer program SPSS/PC⁺.

Research Results :

1. The anxieties of the police inquiry officials of provincial police in Khon Kaen province were at the moderate level.
2. There was no statistical significant difference in the anxieties among these inquiry officials of provincial police in Khon Kaen province. ($P > .05$)
