1. Assoc. Prof. Suraphan Thabsuwan Chairperson
2. Assoc. Prof. Dr.Jirachoke Virasai
3. Asst. Prof. Chuan Chawin Srisuwan

This research mainly aims at a study of the Slowdown of BMA. Wastewater Treatment Project directly affects Bangkok Metropolitan Administration and public health as well

The research findings are as follows:

BMA which is highly urbanized, highly complex in terms of social components, and highly constructed, causes the slowdown of BMA. Wastewater Treatment Project and Water Quality project's managment. This causal relationship also affects the BMA., the social entity, and public health accordingly.
