The thesis based on the purpose of study in The Bangkok Metropolitan Assembly Authority in the Bangkok Metropolitan Administration's Control that how the said authority has any provision by and for the of the usage of the authority of the Bangkok Metropolitan Assembly has any problem or obstacle and whether attaining the objective of local administration.

The result of the study in The Bangkok Metropolitan Assembly Authority in the Bangkok Metropolitan Administration's Control Bangkok Metropolitan Administration Regulations Act B.E. 2528 provides many criterion such as to control of Bangkok Metropolitan's Regulations, to appoint of ordinary directors committee and extraordinary directors committee, to opinion in some management of Bangkok Metropolitan, criterion of inquiry, to present of the motion, to general discuss for the governor of Bangkok Metropolitan explain the matter of fact and comment on

Bangkok Metropolitan's administration, to control by criterion in budget and to control by criterion in relieve the governor of Bangkok Metropolitan but al these criterions get problem of faults as for Bangkok Metropolitan could not control in Bangkok Metropolitan Administration efficiency.

We would like to advise for trending in readjustment of The Bangkok Metropolitan Assembly Authority in the Bangkok Metropolitan Administration's Control, by considering that The Bangkok Metropolitan Assembly Authority is link to the structure of Bangkok Metropolitan that cannot definitely be separated. The readjustment of the Bangkok Metropolitan Assembly Authority should be made prior to the structure of Bangkok Metropolitan. The administration shall be divided into 2 levels. First level is in the form that Bangkok-Thonburi Metropolitan has a governor of Bangkok-Thonburi Metropolitan and Bangkok-Thonburi Metropolitan Assembly shall come from the election. Second level call municipality with 9 branches, the Municipality Assembly come from the election and elect between the members to administrative officers. The Municipality member shall be engaged in Bangkok-Thonburi Metropolitan Assembly as well.

First level assembly namely Bangkok-Thonburi Metropolitan Assembly, shall provide Bangkok-Thonburi Metropolitan Assembly Secretariat Office perform and under control direct to the chairman of the assembly. To readjust the control by criterion of Bangkok Metropolitan's regulations. The presentation for draft of the provision of Assembly members require not less than 5 person to certify. In the case of any draft of the provision has been approved by the assembly but the governor of Bangkok Metropolitan not agree with, the assembly should has confirmation conclusion with voting not less than two in three of all the assembly members. To

readjust of criterion for inquiry to be verbal inquiry in the meeting. To readjust criterion of presentation of the motion concerning activity of Bangkok Metropolitan or the motion of general discussion for the administrative explain or give the opinion by having conclusion in the said matter. The said conclusion should not be in the form of trust or untrust to the administrative. The administrative shall bring the conclusion of the meeting to perform or follow through the conclusion of the assembly. To readjust criterion control by budget system in the case of the assembly not accept criterion in draft provision budget and appoint co-directors for consideration. In case of the assembly not agree with the consideration of directors should have voting not less than two in three of assembly member in which the said draft provision shall be failed. To readjust the amendment of the motion of the assembly member by not allow to amend the motion in addition to the list or the quantity in the list but many amend the motion in reduce or deduct of the expenses. To readjust criterion for the approval of the assembly. In case of the administrative appoint the high position officer of Bangkok Metropolitan such as the assistance governor of Bangkok Metropolitan, should be approved by the assembly to reduce the problem of the opposition and to cooperate between the assembly and permanent officers of Bangkok Metropolitan in smoothly and efficiency.

For the second level assembly namely the municipality assembly, beside bringing criterion in control of administrative as the above to perform, the different is in case the assembly not agree with the criterion of draft of budge provision shall be effect to the administrative to relieve of this position immediately. However, the said criterion for control of Bangkok Metropolitan administration in 2 levels, in which the first level remain the structure same as the present Bangkok Metropolitan and the second level is to bring the parliament system. To coordinate to the idea of both party

wherein one party need to have the election for governor of Bangkok Metropolitan and the another party need the parliament system to be used with Bangkok Metropolitan which shall obtain the control of Bangkok Metropolitan Administration by Bangkok Metropolitan Assembly efficiency and effective actually through the objective of local government.
