The objectives this study Legal Protection of Rights and Liberty of Thai People : A
Comparison between the constitution of the kingdom of Thailand, B.E. 2534
(Amendingin), B.E. 2539 and the Constitution of the Kingdom of Thailand, B.E. 2540. Are
to study the progress on right, liberty protection and person equality. The result of the
study are as following :

1. The prevision of right, liberty protection for Thai people under the
Constitution of the Kingdom of Thailand, B.E. 2540 are additional developed. The
fundermental substance of the provisions are according to the principle of liberty,
equality and fraternity which be the main principle of the democratic regime of
Government.

2. An additional provisions of right and liberty under the Constitution of the Kingdom of Thailand, B.E. 2540 are transition frequencies for radio or television broadcasting and radio telecommunication, The liberty to express his or her opinion, the liberty on and academic, the right to receive the fundermental education for the provided duration, the right to conserve or restore their custom, local knowledge arts or good culture of their community, children, youth and family members shall have the right to be protected by the State against violence and unfair treatment, a person who is are sixty years of age shall have the right to receive aids from the State or the disable or hardicapped shall have the right to receive public convesience and other aids from the State.

3. An addition on right and liberty of the Thai people are able to apply for practicing since the provisions of section 26-section 28 forces all state authorities regard to human dignity right and liberty and allows person who is violated to bring a law suit in the count. Moreoner fundermental substance of the provisions on right and liberty of the Thai people are quite flexible deponding upon the situation in the country which be changed rapidly.
