2. Asst. Prof. Kawee Rakchon
3. Dr. Pongsak Sameson

The main objective of this research is to study factors affecting morale of employees of Bangkok Metropolitan Administration using both survey and documentary research methods.

The research findings are as follow ;

1. Most employees of Bangkok Metropolitan Administration have moderate level of morale.
2. Each of these 9 factors , viz. work environment , professional prestige , progress in career , sufficient income , commanding , equity , welfare , relationship with executives and relationship with peer group , is related to morale of Bangkok Metropolitan Administration .
