WISIT CHUTCHAWANTIPAKORN : INSTABILITY OF THE BANHARN
GOVERNMENT : A STUDY ON LEGITIMACY, ECONOMIC FACTORS AND
CONFLICTS AMONG COALITION PARTIES. THESIS ADVISOR : ASSOC. PROF.
WITHAYA SUCHARITTHANARUGSE, Ph.d. 128 pp. ISBN 974-637-431-1.

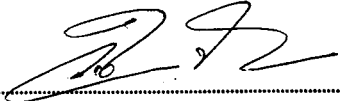

The study is an attempt to explain the three factors : legitimacy , economic and coalition parties conflict, which cause instability of Banharn government .

The result of the study shows that all three factors mentioned above affect Banharn government stability. The legitimacy factor and the economic factor are proved to be of indirect effect of the government instability which accelerate conflict among coalition parties. Therefore, the conflict among coalition parties which is the crucial factor leads to the instability during the Banharn government regime finally.
