THIDA CHANYATIPSAKUL : THE COMPOSITION AND QUALIFICATION OF
ADMINISTRATIVE ADJUDICATORY COMMITTEES IN THAILAND. THESIS ADVISOR :
DR.NANTAWAT BOLAMANAN, DR.RANGSIKORN UPPAPONG, 191 PP.
ISBN 974-581-764-3

This research is in regard to arrange the appropriate composition, qualification in the individual member and selected method of the adjudicatory committees in Thailand in order to ensure the openness, fairness and impartiality from the adjudicatory organization.

In this matter, it indicates that the various administrative committees have both administrative function and adjudicating function. However, the method of the organization of the administrative committees which have adjudicating function is not emphatic; lay and legal qualification members, proportionate composition and the structure to supervise the appointment.

The summary of this research recommend to formulate the detailed of qualification in individual member, the proportionate composition and the structure of supervision on the appointment. Additionally, theses formulations should be observed by the supervisory committee.
