ISBN 974-638-257-8.

The purpose of this research was to study instructional supervisory needs of Prathom Suksa one English teachers in schools under the Jurisdiction of the Office of Phetchaburi Provincial Primary Education, concerning curriculum, preparation of class instruction, instructional activities and techniques, teaching methods, instructional media, and measurement and evaluation.

Two hundred and forty-nine copies of questionnaires were sent, two hundred and forty copies or 96.39 percent were completed and returned. Data was analyzed by using percentage, arithmetic mean and standard deviation.

Research findings were as follow.

The Prathom Suksa one English teachers' instructional supervisory needs were at the moderate level concerning curriculum, instructional activities and techniques, teaching methods, instructional media, and measurement and evaluation, whereas preparation of class instruction was at the low level.
