SUKSA THREE STUDENTS. THESIS ADVISOR : ASSIST. PROF. MANEERAT SUKCHOTRAT,
Ph.D. 164 pp. ISBN 974-637-547-4.

The purpose of this study was to develop the ability in journal writing of Prathom Suksa three students. The subjects were twenty Prathom Suksa three students, Watkualviset school under the jurisdiction of Trang Provincial Primary Education, in the academic year of 1996. Before the experiment, the subjects were pretested on the ability in journal writing. While on the experiment, they were taught how to write the journal after schooling, one hour per day, five days a week, for four weeks. After finishing the experiment, they were tested by the posttest on the ability in journal writing.

The data of this study were analyzed by using arithmetic mean, standard deviation and t-test.

The findings indicated that :

The post-test arithmetic mean score on the ability in journal writing was higher than the stipulated criterion score at the .05 level of significance. That was higher than twelve percent of the arithmetic mean score in the pre-experiment.
