Abstract

The purpose of this thesis was to design Thai Folktale textbook for student in the north-Eastern region of Thailand. The subjects used in this thesis have been divided into two groups. The first group consisted of three experts whose major tasks involved in the consideration in designating the folktales to be used as materials in designing folktale textbook. The second group consisted of five experts, whose tasks involved in textbook quality assessment.

The instruments employed in this thesis were questionnaires on expert ideas and comments on folktale and quality assessment forms to asses folktale textbook (T 031) disigned for students in the North-Eastern region of Thailand.

The data collected from questionnaires and quality assessment forms were analysed descriptively and statistically using frequency scores, mean scores, percentage and standard deviation scores. The results revealed that.

1. The folktales which have been designated as materials for textbook designed for students in North-Eastern regions consisted of ten folktales as follows.

- 1.1 Phadang Nangaai
- 1.2 Phaya Khankaak
- 1.3 Siaowsaad
- 1.4 Nang Phomhom
- 1.5 Sinsai
- 1.6 Khooloo Nangauu
- 1.7 Siangmiang
- 1.8 Nokkrajauk
- 1.9 Nakkhaokoohook
- 1.10 Kwangkhamkabsahaai

2. The subjects assessed the folktale textbook, said that the folktale textbook designed for students in the North-Eastern region is satisfactory. The textbook was interesting and could be of great use in teaching and learning.
