KEY WORD : CAMPING MANAGEMENT / PHYSICAL EDUCATION INSTITUTIONS

PUSIT PRAYOONANUTHEP : A STUDY OF CAMPING MANAGEMENT IN PHYSICAL EDUCATION INSTITUTIONS IN THAILAND. THESIS ADVISOR : ASSOC. PROF. SOMBAT KARNJANAKIT, Ph.D. 181 pp. ISBN 974-637-212-2

The purpose of this research was to study the framework of organizing camping management in physical education institutions in Thailand by using the EDFR technique. The population was twenty experts in camping management purposively selected from both government and private sectors. The data were collected by interviewing in the first round. The questionnaires were utilized five point scale rating in the second and the third round. The median and the interquartile range were used to analyze the data. Findings were considered when the median value was equal to or more than 3.50 and the interquartile range was equal to or less than 1.50.

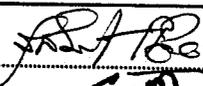

The final findings included :

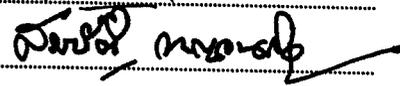

1. Expert's concensus was obtained for 150 of the original 164 items or 91.46%.
- 2 The framework of camping management in physical education institutions in Thailand consisted of four stages : (1) Preparation before camp management stage included papers, places, personnel, equipment, activities, budget, transportation and security preparation, (2) Organization during conducting camp stage consisted of duration for camping, opening ceremony, building camp site and public health, activities for each day, intramural camp activities, external camp activities, evaluation for camp management and closing ceremony, (3) Direction after camping stage included short-range follow-up (before graduation), long-range follow-up (after graduation), and (4) a process of development for camp management consisted of collecting information, analysing obstacles and way for improving, distribution for work, conference between institutions and development for camp management.
3. The framework was approved by five specialists who specialized in camp management. Their evaluation was at the excellent level which had the median of 5.00 and the interquartile range were 0.50.
