CHOTIKA SUBDEE : COMPETENCIES OF SCHOOL LIBRARIAN EXPECTED BY ADMINISTRATORS, TEACHERS, AND SCHOOL LIBRARIANS OF THE SECONDARY SCHOOLS. THESIS ADVISOR : ASSO. PROF. PRAPAVADEE SUEBSONTHI, PH.D. 116 pp. ISBN 974 - 636 - 144 - 9.

The objective of this research is to study the competencies of school librarians expected by administrators, teachers, and school librarians of the secondary schools.

This research is a survey research that using questionnaire as a tool in data collecting. The sample consists of 500 persons of the administrators, teachers and school librarians from secondary school under the Jurisdiction of the Department of General Education in central metropolis.

The results of this research found that the expectation of every sample groups, administrators, teachers, and librarians, are not significantly different. Every sample groups expect all competencies of the school librarian at the high level. The first competency expected by all groups is of the professionalism the rest competencies are expected at high level but in different order. They are the information resources and equipments competency, the management competency, the planning and evaluation competency, the learning and teaching competency and the psychology and behaviour science competency. For the research competency it is the only one being expected at the mid-level.

The results of this research could be used as guidance for the librarians to develop their own for the most efficient practice in school libraries. In addition, the institutes that provide professional education could also use these results as guidance to develop curriculum and courses outline that meet the expected competencies of school librarians.
