NILRAT INTHONG : WOMAN'S ISSUES IN GENERAL EDUCATION TEXTBOOKS OF
RAJABHAT INSTITUTES : A CONTENT ANALYSIS. THESIS ADVISOR :
ASSO. PROF. NISA XUTO. 273 pp. ISBN 974-634-898-1

The purpose of this research was to analyse the content of woman's issues in general education textbooks of Rajabhat Institutes. General education comprises of 4 subject areas; Language and Communication; Humanities; Social Science; and Mathematics, Science and Technology. 34 textbooks were selected for the analysis. It was found that woman's issues appeared about 246 pages out of 6,446 pages which is about 3.82%.

The most mentioned issues were on gender relation of both men and women concerning facts or roles based on sex differences. Details on each subject area were following;

Woman's issues found in Language and Communication textbooks were personal relationship, tradition and culture, and social affairs with an exphasis on the role of parents.

Woman's issues found in Humanities textbooks were personal relationship, tradition and culture, health, social affairs, and general activities with an emphasis also on the role of parents.

Woman's issues found in Social sciences were general activities; social affairs; law; science, technology and environment; tradition and culture; health; and personal relationship. An emphasis was on statistics of man and woman, and gender roles in society.

Woman's issues found in Mathematics, Science and Technology were health; science, technology and environment; general activities; personal relationship; and social affairs. And emphasis was on personal hygiene and sex differences.

Woman's issues were found in 57 out of 108 illustrations : (52.78%). Men's roles appeared eight folders than women's in music and scientific careers
