CHANPHEN PAIBOON : THE CURRICULUM DEVELOPMENT OF LIFE EXPERIENCES AREA FOR PRATHOM SUKSA SIX STUDENTS IN URBAN AREA, BANGKOK

METROPOLIS. THESIS ADVISOR : ASSOC. PROF. VAREE THIRACHITRA.

237 pp. ISBN 974-635-570-8

The purpose of this study was to develop Life Experiences Area curriculum concerning Home Life, Unit 2, for Prathom Suksa six students which is in congruent with Bangkok Metropolis urban area conditions. The study was conducted in six steps sequentially : 1) Basic data study and analysis 2) Curriculum planning 3) Content and method selection 4) Curriculum try - out 5) Curriculum evaluation and 6) Curriculum revision

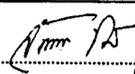

The results were as follow :

1. The curriculum document and curriculum guide for teaching and learning Life Experiences Area for Prathom Suksa six students in Bangkok Metropolis urban area obtained are at the appropriate level for teaching.
2. After using the designed curriculum, the post - test achievement scores and self - assertion scores of the experimental group were significantly higher than the pre - test scores at the higher than 60 percent.
3. The appraised results of the experimental students' opinions on contents, teaching and learning activities and materials were also at the high level of interest.
