DUANGKAMON WATTANOTAI : LEADERSHIP ROLES AND CULTURAL
ASSIMILATION : A CASE STUDY OF KAREN COMMUNITY IN RATCHABURI
PROVINCE. THESIS ADVISOR : ASSO. PROF. SUPATRA SUPHARB,
223 pp. ISBN 974-636-338-7.

The purpose of this research was to study leadership roles impact to keep cultural identity of Karen community in Ratchaburi province by using theoretical culture, acculturation, assimilation, community, culture change and leadership. This research used anthropological research techniques such as participant observation, key-informant interviews and in-dept interview.

The hypotheses of this research were as follow :
1. Political leaders helped to keep cultural identity.
2. Religious leaders helped to keep cultural identity.
3. Educational leaders helped to keep cultural identity.
4. Economic leaders helped to keep cultural identity.
5. Artistic and recreation leaders helped to keep cultural
identity.

The finding of this research were in accordance with every hypotheses except number four and five.
