The thesis is a comparative study of political thoughts of Machiavelli and Luang Vichit-Vadakan. It is aimed to eluminate the political implications and concepts in their thoughts. Machiavelli's The Prince and some of Luang Vichit-Vadakan's writings are taken to be the main texts and scope of the study. A textual analysis is taken as the essential method of the study.

The result of the study indicates that in Luang Vichit-Vadakan's selected writings there is no any allusion to Machiavelli and The Prince at all. However, there are similarities in essential ideas between Machiavelli's and Luang Vichit-Vadakan's.
