

C643330 : MAJOR SOCIAL PSYCHOLOGY
KEY WORD: LEADERSHIP / MANAGERIAL GRID

THANIYA PRAPHA KARN : THE PERCEPTION OF ACTUAL AND SHOULD BE
MANAGERIAL BEHAVIORAL STYLES OF THE COMMUNICATIONS AUTHORITY OF
THAILAND'S MIDDLE ADMINISTRATORS, ANSWERED AS SUPERVISORS VERSUS
AS SUBORDINATES. THESIS ADVISOR : PROF. CHAIYAPORN WITCHAWUT, Ph.D.
82 pp. ISBN 974-636-495-2.

The purpose of this study was to study the perception of actual and
should be managerial behavioral styles of the Communications Authority of
Thailand's middle administrators, answered as supervisors versus as
subordinates, based on Managerial Grid theory of Blake and Mouton.

It was found that

1. As supervisors, the perception of actual and should be managerial
behavioral styles were the same.
2. As subordinates, such perceptions were different.
3. The perception of actual managerial behavioral styles answered
as supervisors versus as subordinates was different.
4. The perception of should be managerial behavioral styles
answered as supervisors versus as subordinates was the same.
5. The perception of actual managerial behavioral styles answered
as supervisors versus as subordinates concerning various aspects of
management was different.
6. The perception of should be managerial behavioral styles answered
as supervisors versus as subordinates concerning various aspects of management
was the same.
