CORRECTIONAL INSTITUTIONS FOR YOUNG OFFENDER

WANNARA BOCNYUEN : A STUDY OF CAUSES OF INTEREST IN LEARNING OF THE
LEARNERS OF GENERAL NON-FORMAL EDUCATION AT LOWER SECONDARY EDUCATION
LEVEL IN CORRECTIONAL INSTITUTIONS FOR YOUNG OFFENDERS : PROF. DR.
RATANA POOMPAISAL, DR. SOMKID PROMJQUY 144 PP. ISBN 974-583-575-7.

The purpose of this research was to study causes of interest in learning of the learners of General Non-Formal Education at lower Secondary Education level in Correctional Institutions for Young Offenders in four aspects. They were, 1. teachers, 2. learners 3. teaching and learning activities, 4. school environment. The sample of this study were 128 Learners. The analysis of data consisted of percentage, mean and standard deviation. The causes that made the learners interest in learning in four aspects were as follow :

1. Teacher aspect; the learners would be interested in learning when the teachers listen to their idea.
2. Learners aspect; good relationship among learners would be the cause that made the learners interest in learning.
3. Teaching Learning activities aspect; using media in the teaching process would be the cause that made learners interest in learning
4. Schools aspect; good arrangement and good ventilation in the classroom was the cause of making learners interest in learning
