The objective of this study was to indentify planning system in the
royal awarded secondary schools in educational region eleven.

It was found that planning duty was set as part of the Academic De-
partment. Essential activities in the planning process comprised 1) enrich-
ing planning knowledge for the leading personnel of the school, 2) each Dep-
artments identified problems and needs, 3) each sector formulate projects,
4) planning sector collected all projects, 5) the planning committee revised
and selected projects for the plan, 6) planning sector formulate school deve-
lopment plan and annual operation plan.

The major problems faced were inefficient information system, school
personnel lack of knowledge and understanding, time available for planning
works was inadequate which often caused the delays of planning schedules.
