The Suspended Moment aim to present artwork about subconscious which relates to the lustful desires of human-being. They have effect to human-being in the process of thinking and feeling so that the man need "the moment" for bring them to state of soft, silent and calm. It also likes the bright way which has the gate to help them self-realized and have consciousness, concentration and knowledge for considering their problems even something is around them. Although the suspended moment is just shortly time but I believe it can effect to human-being to think hard about yourself, humanity, moral and ethic which make people can live and share together peacefully. Therefore, I determine create artwork for communicate my thought, emotion and feeling following my attitude.

I hope this these, "The Suspended Moment" ,well be helpful for who is interested in art and it will also be a useful way to create one's art.
