

Hanoi University of Technology (HUT)

School of Biological and Food Technology (SBFT)

WELCOME TO VIETNAM!

Capital: HANOI

Largest city: HOCHIMINH CITY

Area: 331,690 km² (65th)

Population 2008: 86,116,559 (13th)

Density: 253/km² (46th)

HANOI UNIVERSITY OF TECHNOLOGY (HUT)

Established in 1956

Staff:

University employees: 2,200

Academic staff: 1,700

Faculties: 15

Schools and institutes: 08

Central libraries: 02

Undergraduate students: 44,000

Graduate students: 2,000

15 faculties:

- ⑩ Faculty of Electrical Engineering
- ⑩ Faculty of Electronics and Telecommunications
- ⑩ Faculty of Information Technology
- ⑩ Faculty of Applied Mathematics and Informatics
- ⑩ Faculty of Mechanical Engineering
- ⑩ Faculty of Economics and Management
- ⑩ Faculty of Textile, Garment Technology and Fashion Design
- ⑩ Faculty of Chemical Technology
- ⑩ Faculty of Materials Science and Technology
- ⑩ Department of Political Theory
- ⑩ Faculty of Foreign Language
- ⑩ Faculty of Part-time Training
- ⑩ Faculty of Engineering Education
- ⑩ Faculty of Defense Education
- ⑩ Faculty of Physical Education

8 schools and institutes:

- School of Engineering Physics
- School of Environmental Science and Technology
- **School of Biological and Food Technology**
- School of Heat Engineering and Refrigeration
- School of Transportation Engineering
- International Training Institute for Materials Science
- School of Nuclear Engineering and Environmental Physics
- Hanoi Advanced School of Science and Technology

Website: www.hut.edu.vn

ENROLMENT (2007 – 2008)

■ Undergraduate

- 3,700 students for regular courses at university level
- 2,500 students at college level
- 2,000 in-service training students
- 500 second-major students
- 500 students following international training programs

■ Graduate

- 1,000 – 1,200 master students
- 60 – 70 PhD candidates

ACADEMIC CALENDER (2007-2008)

- Entrance examination: July 3-5, 2007
- First semester: Aug 14 - Jan 29, 2008
- New year holidays Jan 30 - Feb 13, 2008.
- Second semester Feb 14 - Jul 2, 2008
- Summer holidays Jul 6 – Aug 13, 2008.

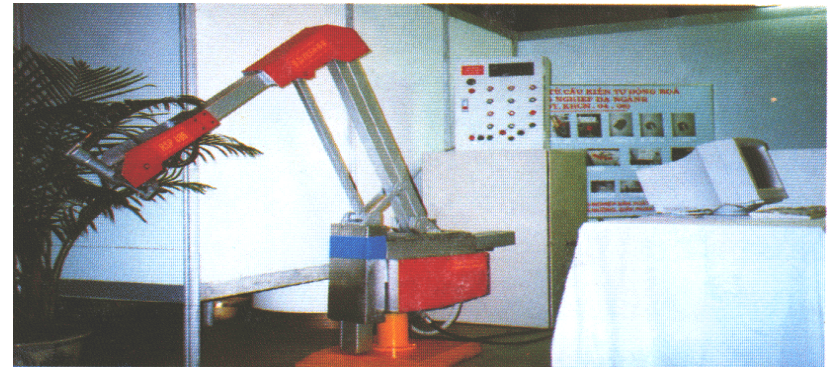

PRIORITY Areas:

+ Information technology

+ Biotechnology

+ Materials science and
technology

+ Automation

School of Biological and Food Technology (SBFT) (formerly known as Institute of Biological and Food Technology)

History:

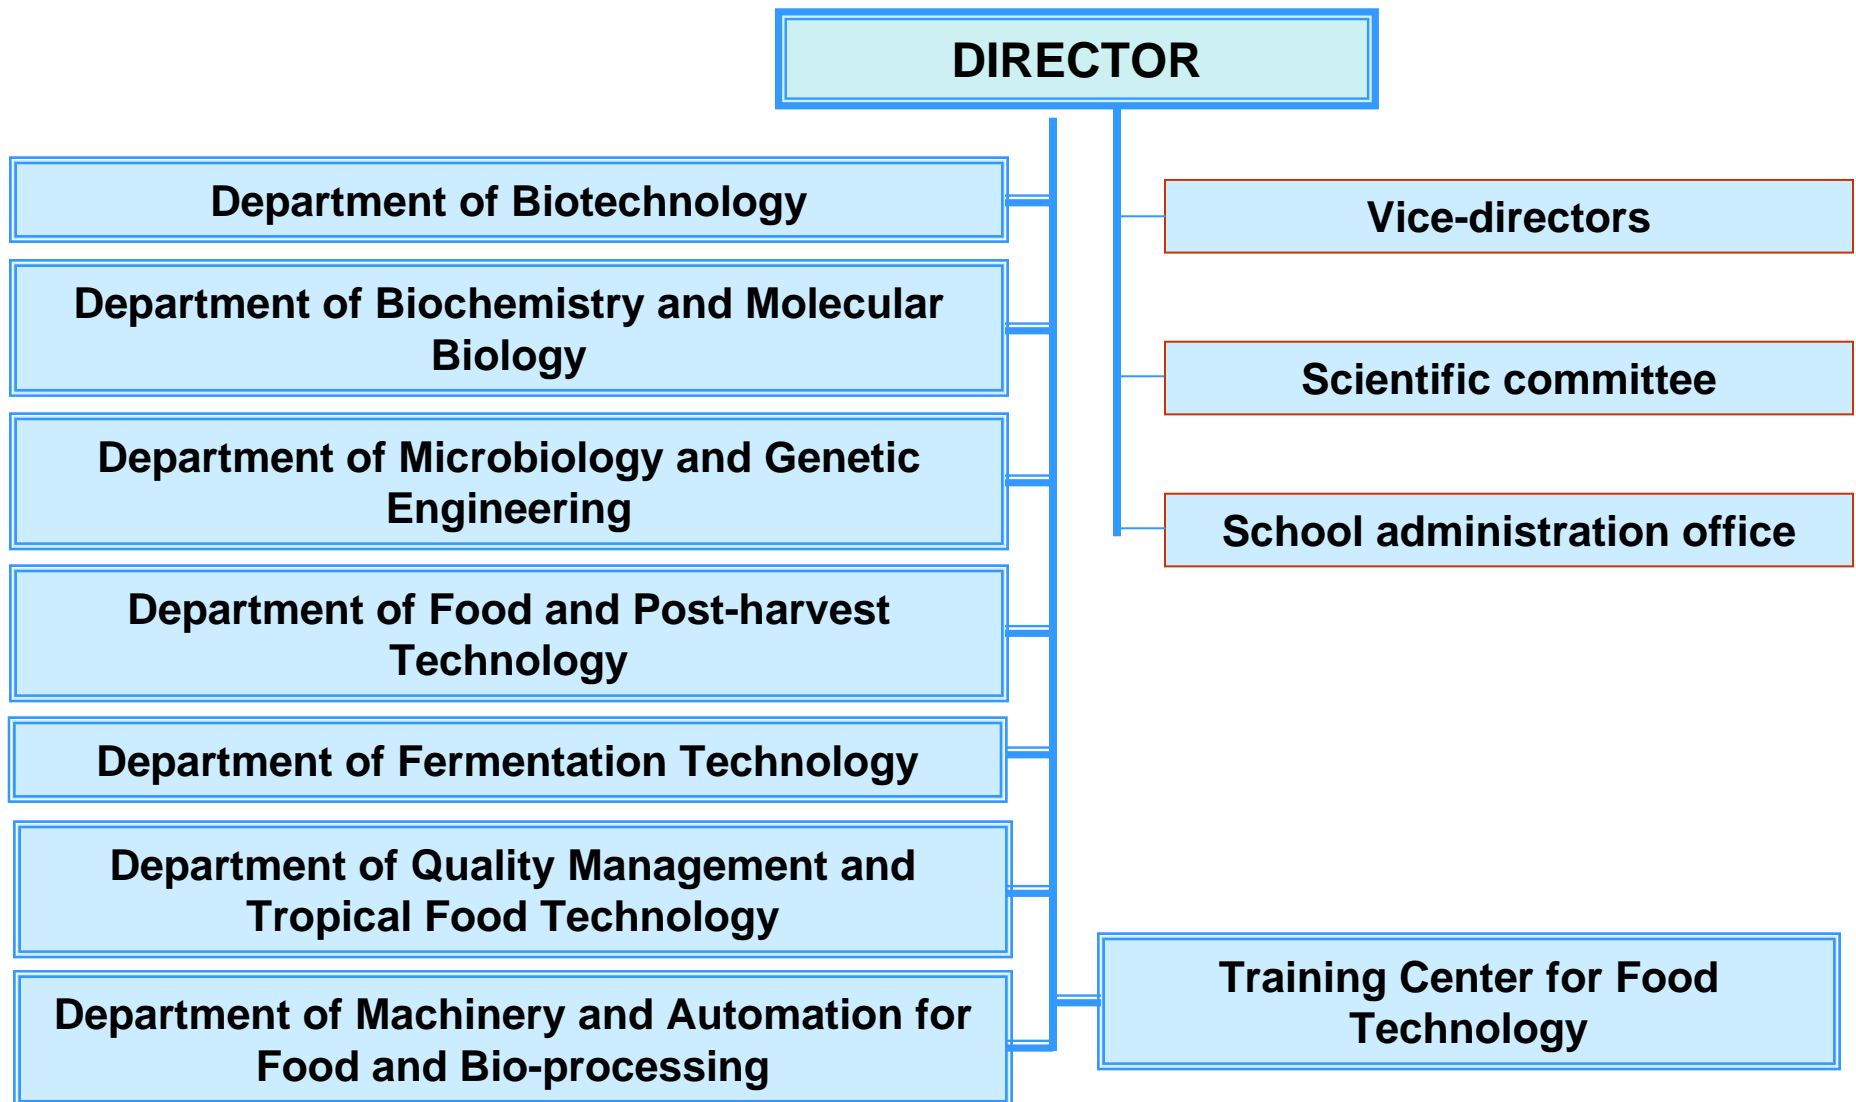

1956: Faculty of Food technology

1999: Institute of Biological and Food Technology

2009: School of Biological and Food Technology

STAFF MEMBERS	Total	82
Profs / Assoc. Profs:		21
PhD:		30
MSc:		20

School of Biological and Food Technology

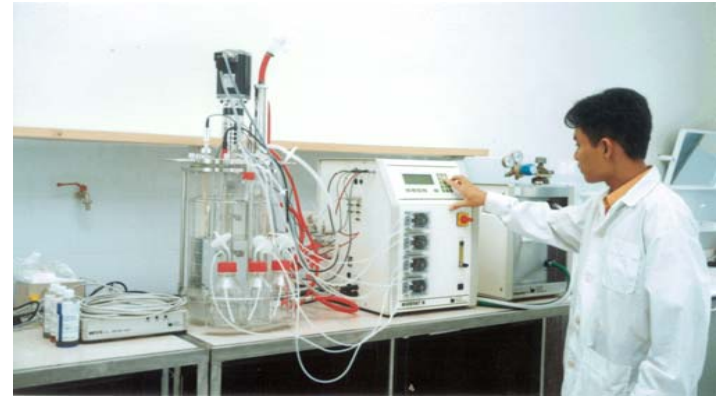

Training in biotechnology and food technology at SBFT

ENROLMENT (2007-2008)

Undergraduate students: 200

Master and PhD students: 50

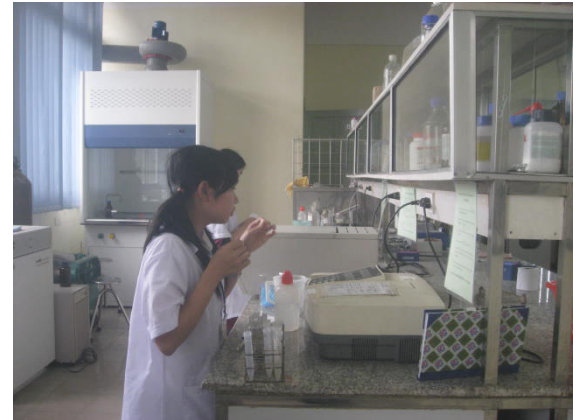

- **HUT provides 5-year engineering program**
 - Biotechnology
 - Food Technology
 - Machinery-Equipment in Food and Bio-engineering
- **Training programs**
 - Undergraduate
 - Graduate levels (Master and PhD)

Research areas at SBFT

Biotechnology:

- **Biofuels**
- **Bioactive compounds and applications in functional foods and pharmaceuticals**
- **Application of biotechnology in fermentation**
- **Recombinant enzymes and enzyme technology in industries**
- **Wastewater and polluted surface water treatments**

Food Technology:

- **Food safety control and quality improvement**
- **Application of advanced technologies in post-harvest preservation and processing**
- **Probiotics**

Automation:

- **Automation, machinery and equipments in biological and food technologies**

Facilities at SBFT

- 7 labs
- 1 key lab in biotechnology
- 1 training center for food technology

Key lab in biotechnology

Training center for food technology
