

## LIST OF FIGURES

Figure	Page
1     Serum testosterone concentration of 13 elephant bulls collected between July 2004 and June 2005	43
2     Seminal plasma testosterone concentration of 13 elephant bulls collected between July 2004 and June 2005	44
3     Serum Triiodothyronine concentration of 13 elephant bulls collected between July 2004 and June 2005	45
4     Serum Tetraiodothyronine concentration of 13 elephant bulls collected between July 2004 and June 2005	46
5     Seminal plasma zinc of 13 elephant bulls collected between July 2004 and June 2005.	47
6     Seminal plasma total protein of 13 elephant bulls collected between July 2004 and June 2005	48
7     The 52 °C – 64 °C PCR gradient of EMX-2	59
8     PCR products of LA1-5 and EMX3	60
9     PCR products of LaT13 and LaT16	61
10    PCR products of LaT25 and LaT26	62
11    PCR products of EMX5	63
