

## ACKNOWLEDGEMENTS

This study could not be completed without the assistance of many people. I would like to express my sincere thanks to Dr. Pugdee Manaves, my major advisor for his understanding, support, encouragement and guidance throughout this study.

I would like to express my deepest gratitude to all members of the committee for offering constructive criticisms and suggestions towards my independent study. My thanks also go to all respondents.

Finally, I would like to express my special gratitude to my family, and relatives who believed in my ability to be success and for their understanding, inspiration, and valuable encouragement.
