SOMSAK INDRAPHANDHU : THE ADJUDICATION PROCEDURE OF ADMINISTRATIVE COMMITTEE IN THAILAND. THESIS ADVISOR : VICHAI VIVITSAVEE, DR.NANTAWAT BOLAMANAN, 271 PP. ISBN 974-581-765-1,

The main purpose of the research concern the appropriate adjudication procedure for various Administrative Committees which have acted as the quasi-judicial function in Thailand.

As a result, it indicates that many of administrative committees mostly lack of standard criteria or general rules governing adjudication procedure. Moreover, there seems to be, in quasi-judicial process, no guarantee of natural justice against bias and mis or maladjudication of the committees. The control, over these committees, including its organizing, managing, authority and responsibly vary considerably.

The Conclusion of this study, based on the findings, propose that Thailand should enact Administrative Procedure Act fo Quasi-Judicial Committees in order to ensure justice, appropriate quasi-judicial process and responsible organizing in handing administrative procedure in each committee.
