

ACKNOWLEDGEMENTS

I wish to express my sincere appreciation and profound gratitude to the Chairman of my Advisory Committee, Associate Professor Dr Savitree Malaipan, for her invaluable guidance, wise counsel, constructive comments and kind encouragement throughout my study. I extend my sincere appreciation and heartfelt gratitude also to the other members of the Advisory Committee, Associate Professor Kosol Charernsom and Associate Professor Dr Decha Wiwatwitaya for their crucial advice and suggestions during the study period. I am profoundly indebted to Dr Ian Naumann, Canberra, Australia for his valuable comments and suggestions on thesis writing and the improvement of the manuscript.

I would like to express my gratitude to Professor Charles D. Michener of the University of Kansas, U.S.A. for his help in verifying and confirming the identification of representative stingless bee specimens. My deep feelings go to Associate Professor Daranee Charernsom who was the first teacher of entomology in my life. I am also indebted to Mrs Sirinee Poonchaisri and all of my colleagues of the Insect Taxonomy Group, Department of Agriculture for their kind assistance. My special thanks are due to Mr Thongbai Sudnan, Miss Chama Inson, Miss Chamaiporn Boumas, Miss Panunya Pobsuk and Mr Pongsuk Jinnarit for their help in field work. Thanks are also extended to all friends for their help and warm friendship.

I am greatly appreciative of the TRF/BIOTEC Special Program for Biodiversity Research and Training grant BRT_146013 and the Promotion of Graduate Research Quality, Graduate School, Kasetsart University for a scholarship.

Finally, heartfelt thanks goes to my beloved parents, Pol.Sen.Sgt.Maj. Yuttapong Boontop and Mrs Patcharin Boontop for their constant encouragement and will power throughout my study.
