SYSTEM

WACHANEE SHOUDUMRONG : THE DEVELOPMENT OF A COMPUTERIZED STUDENT  
INFORMATION SYSTEM FOR ACADEMIC ADMINISTRATION OF FACULTY OF EDUCA-  
TION, SILPAKORN UNIVERSITY. THESIS ADVISOR : ASSO. PROF.PATEEP METHA-

KUNAYUDHI, Ed.D. 291 PP. ISBN. 974-581-365-6

This research was designed to develop the student information system  
for academic administration of Faculty of Education, Silpakorn University  
and evaluated the effectiveness of the student information system.

The development of student information system for academic administra-  
tion of Faculty of Education, Silpakorn University was included the computer-  
ized system of data processing and outputs of three subsystems : student re-  
gistration, students' grade and student activities.

The evaluation of the systems by 2 groups of users : the practioners  
and the administrators revealed that they were satisfied with the accuracy,  
completeness, relevancy and the convenience of the database and the informa-  
tion system.
