

YAOWALAK NAKPATHOM : A STUDY OF SPORTS SCIENCE CURRICULUM  
ADMINISTRATION IN PHYSICAL EDUCATION COLLEGES : MR. NIPON  
THAIPANICH, Ed.D. 221 pp., ISBN 974-579-446-5

The purposes of this research were to study the curriculum administration and the problems of carrying out the work in Physical Education Colleges. Four hundred and ninety three questionnaires were sent to administrators of the seventeen Physical Education Colleges and instructors. Four hundred and twenty questionnaires which accounted to 85.19 percent were sent back. Data analysis was percentage.

The results were as follows :

1. The colleges had designed and planned the practical tasks to administrated the curriculum by; study the educational policies of the Physical Education Department, conducted the personnel development, prepared the budgets, the library service, books and curriculum documents, stores and equipments, buildings, vehicles, curriculum publicity and students application for admission. The problems were lack of time and budgets for personnel development which led to the lack of knowledge and skills in some specific subjects, inadequate buildings and the professional advancement was uncleared.

2. The colleges had performed the tasks by constructing the lesson plan of each subjects area throughout the curriculum, teaching plan, audio-visual aids, budget for book publishing, equipments and resources utilization. The problems were lack of books, equipments, the experts in some specific subjects, budgets, the standard tests, teachers'skill in analysing the test and assessment manuals.
