

Objective of this research focus on the studying of lawful concept on disclosure of corruption in public section , the scope section 25 of Counter Corruption Act B.E. 2518, and the scope of the said disclosure which is suitable for Thai society, political and government. Hence, documentary and field work reserches were used. The reserch was limited to the disclosure of Office of the Commission of Counter Corruption (O.C.C.C.)to public and emphasized the disclosure of articles , facts , or informations which were obtained from counter corruption.

From reserch,this issue found to be encounter between the public right to be aware of their country adventage and the individual right of the honour of the government officer. The major samples realize in the importance of the former. This is because the issue is the measure which is suitable for Thai society, political, and government. However, the disclosure must not encounter their privacy.

Although the Counter Corruption Act B.E. 2518 allows Commission of Counter Corruption to approve the disclosure of corruption in public section , it may be illegal for the others , especially for the libel offence in the Penal Code. Also it'll be botheration to sue the court in case of there are any exemptions.
