LITERATURE REVIEW	
1	Distribution of <i>H. pylori</i> infection in each region of Thailand.....7
2	Secretion of cytokine after <i>H. pylori</i> attach8 the surface of the gastric epithelial cell
3	The cellular antioxidant defense.....13
4	Detoxifying functions of GSH-dependent enzymes.....14
5	Xenobiotic detoxification by glutathione S-transferase.....16
6	Mercapturic acid pathway.....17
7	Phylogenetic tree of GSTs.....20
8	Ribbon structure of GSTs.....21
9	<i>GSTP</i> gene arrangement.....27
RESULTS	
10	DNA amplification and genotyping of exon 5 of <i>GSTP</i> gene.....45
11	DNA amplification and genotyping of exon 6 of <i>GSTP</i> gene.....46
12	Detection of <i>H. pylori</i> in gastric biopsied specimens53 by DNA amplification of the <i>hpglmM</i> gene
