

ACKNOWLEDGEMENT

I would like to express my deep appreciation to my advisor, Assoc. Prof. Chalernsri Prijapanij for her helpful encouragement and comments on my work from the beginning to the end of my study. My appreciation also goes to my co-advisors, Assoc. Prof. Sukhuman Nilrat for her valuable recommendations and careful attention paid to the study, and Assoc. Prof. Dr. Panneepa Sivapirunthep for her assistance and valuable advice for the completeness of the study.

Special thanks are offered to Assoc. Prof. Dr. Alisa Vanijdee, Dr. Pimporn Chandee, and Dr. Chompoonut Morachat, for their useful suggestions on the questionnaires.

I also offer my special thanks to Miss Napa Boonsom and her family for providing me facilities, cooperation, and generous helps on data collection for the study. Furthermore, I am really grateful to all of the local guides and the policy makers for giving me useful information for the data analysis for the study. This study would have not been completed without their assistance.

I wish to deeply thank my beloved family for their love, care, understanding, encouragement, and financial support throughout the study. Finally, my thanks also go to the others, whose names are not listed in this page, for their inspiration.
