

ACKNOWLEDGEMENTS

I would like to thank Associate Professor Dr. Kamon Budsaba, my thesis advisor, for constant support during my study. Thanks are also extended to Professor Dr. John Borkowski, Associate Professor Sumate Sompakdee, Associate Professor Somchit Wattanachayakul, Assistant Professor Dr. Pranee Nilkorn and Dr. Ramidha Srihera for useful comments and suggestions. I am also thankful to all teachers who have taught me all along.

Thanks also go through to the staffs in the Department of Mathematics and Statistics, Thammasat University especially, Mr. Chairat Waiyalap, Mrs. Malai Kaewkin and Miss Kwanraun Juntontat, for their helps and supports.

Finally, Thanks to my parents for everything.
