

List of Table

Table		Page
1. Confidence limits with using only direct binomial sampling method (formula 8).....		31
2. Confidence limits with using only inverse binomial sampling method (formula 9).....		34
3. Confidence limit with using direct and inverse binomial sampling method when the number of successes is fixed as in the first experiment (formula 6).....		37
4. Confidence limit with using direct and inverse binomial sampling method when the true of variance is used (formula 4).....		38
5. Confidence limit with using direct and inverse binomial sampling method when the asymptotic variance is used (formula 3).....		41
