Figure	Page
3.1 Procedure of CI using direct and inverse binomial sampling method when the asymptotic variance is used	23
3.2 Procedure of CI using direct and inverse binomial sampling method when the true of variance is used	24
3.3 Procedure of CI using direct and inverse binomial sampling method when the number of successes is fixed in the second sample as in the first experiment	25
3.4 Procedure of CI using only direct binomial sampling method.....	26
3.5 Procedure of CI using only inverse binomial sampling method.....	27
