

Acknowledgement

I would like to express my sincere gratitude and deep appreciation to my major advisor, Associate Professor Dr. Paskorn Srithipsukho for his guidance, valuable advice, supervision, discussion and statistical advice. And I am grateful and appreciate to Assistant Professor Dr. Tawanchai Jirapramukpitak and Assistant Professor Montarat Thavorncharoensap for valuable advice, and worthy suggestion for methodology in this study. I would like to sound the very special thank to all of them for their kindness, encouragements, constructive comments, and carrying a work through to the end.

I would to thank all school pupils and their parent who had studying at Prathom Thammasat's school and Thammasart Klonglaung's school volunteers in Prathumthane province for data collection in all study periods. I would like to thank, especially,

I would like to thank, especially, to Miss Noppamat Kaendee for her friendship, emotional support, helpful, understanding, and the most valuable sharing of happiness over the year. I would to thank Mr. Nattpawit Kaewnoonual, Miss Santhanee Kreukon for their concern, friendship, and providing in data collection. I also thank to Mrs. Naiyana Patcharapisarn for emotional support, guidance, and valuable advice.

Above all, I wish to express my infinite thanks and appreciation to my parents and everyone in my family including my boyfriend for their constant love, kindness, encouragement, willpower, understanding, and all financial support.
