

## **ACKNOWLEDGEMENTS**

I would like to express my deepest gratitude to all those who have given me a hand in carrying out this research. First of all, I would like to thank Asst. Prof. Tanom Tiensawangchai, my advisor, who has provided generous and helpful comments and suggestions to make this study complete. Also I would like to thank all Grade 6 students at St. Dominic School for their time and useful information given. Furthermore, I wish to offer a word of personal gratitude to my family, especially my mom and my beloved friends for their great support and encouragement throughout the two years of my MA study.

Finally, I would like to apologize for any unintentional errors I might have committed. However, I hope the results of the study will benefit those interested in this issue.
