

ACKNOWLEDGEMENTS

I would like to express my sincerest gratitude and appreciation to Associate Professor Kusumal Rajatanun, my independent study advisor for her time, advice, and understanding during the writing of this research paper. Above all, I appreciate her dedication in proofreading all of my work for the correctness and completeness of this research paper

Then, my deep appreciation goes to my ex-colleague at the Office of the Civil Service Commission (OCSC), Miss Ratanawadi Puttapong, for her precious advice throughout the process of this research. My gratitude also goes to my friends at the Language Institute at Thammasart University for their advice and their support, especially on the SPSS program.

Next, I am very thankful to all of the 100 respondents for their time and cooperation for the completeness of the questionnaires.

Finally, I would like thank my family for their continual support, moral support, encouragement, and understanding.

Without these people, this research would not have been successful.
