

ACKNOWLEDGEMENT

Firstly, I would like to express my deepest gratitude and sincere appreciate to my thesis advisor, Assistant Professor Dr. Onrawee Khongsombat, for her supervision, guidance, encouragement and continued support throughout this study.

I would also like to express my sincere appreciation to my co-advisors, Dr.Hathairat Kruevaisayawan and Patcharada Amatyakul, M.D. for their valuable advice, support, guidance and encouragement throughout this study.

I would particularly like to acknowledge Associate Professor Dr.Sutisa Thanoi and Professor Gavin P. Reynolds for their helpful suggestions and kindness.

Special thanks to my friends for their valuable help and technical assistance. Finally, I do extremely appreciate and deeply thanks my family for their encouragement, support and caring throughout my life.
