

LIST OF CONTENTS

Chapter	Page
I INTRODUCTION	1
Background	1
Statement of problems.....	3
Research Objectives	4
Expected Benefits.....	4
Scope of the Research	5
Operation definitions.....	5
Conceptual model.....	5
Hypotheses.....	6
II LITERATURE REVIEW	7
Service quality	7
Service quality in hospitality industry.....	19
Spas and tourism overview	26
Relevant recent research.....	27
III RESEARCH METHODOLOGY	30
Respondents and sampling procedure.....	30
Research Design.....	31
Instrument of study	31
Collection of data and gathering procedure	32
Data analysis	32
IV RESULTS	35
Demographic Profiles	35
Results of the tourists' expectations of service quality in men's Spas	37
Results of the tourist's perception of service quality in men's Spas	42

LIST OF CONTENTS (CONT.)

Chapter	Page
V CONCLUSIONS	54
Findings.....	54
Discussion	55
Recommendations.....	58
Recommendations for future research	58
REFERENCES	60
APPENDIX	66
BIOGRAPHY	73

LIST OF TABLES

Table	Page
1 Understanding the nature of the service act.....	8
2 The four major quality eras	14
3 Comparison of service quality instruments in hospitality industry.....	24
4 The European guest arrivals at spas in Bangkok in 2010	30
5 The measurement of main factors was divided in 5 rating scales.....	33
6 Customer Satisfactions were translated the variable in 5 scales	34
7 Age of respondent	35
8 Education level of respondents	36
9 Income per month of respondents	36
10 Mean and standard deviation of tourists' expectations of service quality in men's spas (Tangibles)	37
11 Mean and standard deviation of tourists' expectations of service quality in men's spas (Reliability)	38
12 Mean and standard deviation of tourists' expectations of service quality in men's spas (Responsiveness)	39
13 Mean and standard deviation of tourists' expectations of service quality in men's spas (Assurance).....	40
14 Mean and standard deviation of tourists' expectations of service quality in men's spas (Empathy).....	41
15 Mean and standard deviation of tourists' perception of service quality in men's spas (Tangibles)	42
16 Mean and standard deviation of tourists' perception of service quality in men's spas (Reliability)	43
17 Mean and standard deviation of tourists' perception of service quality in men's spas (Responsiveness)	44
18 Mean and standard deviation of tourists' perception of service quality in men's spas (Assurance).....	45

LIST OF TABLES

Table	Page
19 Mean and standard deviation of tourists' perception of service quality in men's spas (Empathy).....	46
20 ANOVA Results of respondents' frequency of expectations of service quality: classified by age	47
21 ANOVA Results of respondents' frequency of expectations of service quality: classified by education level.....	47
22 Post Hoc Test (LSD) of respondents with different education levels	48
23 ANOVA Results of respondents' frequency of expectations of service quality: classified by income	48
24 ANOVA Results of respondents' frequency of expectations of service quality: classified by age	49
25 ANOVA Results of respondents' frequency of expectations of service quality: by education level.....	50
26 Post Hoc Test (LSD) of respondent with different education level	50
27 ANOVA Results of respondents' frequency of perception of service quality: classified by income	51
28 Correlation between expectation and perception of service quality in men spas.....	52

LIST OF FIGURES

Figures	Page
1 Conceptual Framework	6
2 The Service Business as a System	10
3 The Perceived Service Quality Model	16
4 Service Quality Gap Model	18
