

ACKNOWLEDGEMENT

I am grateful to Dr. Chanun Sricheewin, Dr. Sudarat Chadsuthi and Dr. Attapon Amthong for being my thesis advisors and guidance throughout this work. They gave me useful discussions on everything and research experience.

I thank my parents, Mrs. Somporn Srikom and Mr. Wanchai Timklum for their understanding, support and encouragement over the years of my study and teaching me to understand life.

I thank Ajarn Anantachai Suwannakom for counselling, good chances and anything favorable.

I thank Dr. Seckson Sukkhasena for a chance and opening my mind in QFT.

Special thanks go to all the lecturers who have taught me in graduate courses, enlightening and inspiring me in physics way.

I am grateful to Naresuan University for giving me a chance to study physics. I receive more experiences for this.

I also wish to thank my friends and some persons not referred to herein. You are friendly, gave a chance for anything and favors over the years of my study.

Finally, I would like to give my special thanks again to Dr. Chanun Sricheewin for inspiring me, being active in this thesis, giving counsel, giving a chance, anything favorable and good privilege teaching to enlighten me in physics and mathematics overtime.

Watcharakorn Srikom.
