Number of participants		
Results		
Conclusion		

Detail:

Name of review.

First Author and co-authors names of review.

The country of contributor

Department, university or organization of contributor

Year and issue of publish online

Day, month, and year (in the coversheet section) that author(s) decided that important changes in the conclusions of the review or the list of studies that are included may qualify as substantive amendments.

Objective(s) of this review.

The database that reported in review for search trial articles.

Search strategies that reported in review for search trial articles in each database.

The outcome that reported in review.

The number of included trials that reported in review.

The number of included participants that reported in review.

The result of main outcome that reported in review.

The conclusion that reported in review.

Section 2: Results of Meta-analysis

Outcome	Number of		Meta-analysis result			Percent change of meta-analysis		
	Trials	Participants	Effect estimate	95%CI (range)	p-value	Effect estimate	95%CI (range)	Significance
Outcome 1: <input type="checkbox"/> RR <input type="checkbox"/> OR <input type="checkbox"/> RD <input type="checkbox"/> Weighted mean difference								
Original								
1 <sup>st</sup> Update								<input type="checkbox"/> Change <input type="checkbox"/> Border line change <input type="checkbox"/> No change
2 <sup>nd</sup> Update								<input type="checkbox"/> Change <input type="checkbox"/> Border line change <input type="checkbox"/> No change
3 <sup>rd</sup> Update								<input type="checkbox"/> Change <input type="checkbox"/> Border line change <input type="checkbox"/> No change

Calculate percent change of point estimate

= effect size (RR, OR, RD) in updated review / effect size (RR, OR, RD) in 1<sup>st</sup> review \* 100%

Calculate percent change of 95%CI width

= width of 95%CI in updated review / width of 95%CI in updated review \* 100%

Significance change:

Change: The p-value of each outcome that change from significance to non-significance or change from non-significance to significance.

The change of this p-value is not border line change.

Border line change: The p-value of each outcome that change from p=0.04 to p=0.06 and converse change from p=0.06 to p=0.04.

No change: The p-value of each outcome that no change from significance to non-significance or change from non-significance to significance.

### Section 3: Updating factors and signals checklist

Item	check
<b>Main outcome</b>	
1. Updating survival time is _____.	
<b>Factor</b>	
2. Number of increasing trials is _____ trials.	
3. Number of increasing participants is _____ participants.	
4. Added/changed search databases that differed from previous review.	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not identify
5. Added/changed search strategies that differed from previous review.	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not identify
6. Author institutes:	<input type="checkbox"/> Academic <input type="checkbox"/> Non-academic <input type="checkbox"/> Not identify
7. Author countries.	<input type="checkbox"/> Developed <input type="checkbox"/> Developing <input type="checkbox"/> Not identify
<b>Quantitative Signal</b>	
8. Updated MA with added new trials.	<input type="checkbox"/> Updated MA of main outcome <input type="checkbox"/> New MA <input type="checkbox"/> Not identify
9. Change of _____% in the point estimate for one of the main outcome.	
10. Change of _____% in the width of 95%CI for one of the main outcome.	
11. Change of statistical significance – a non-significant effect that has become significant or vice versa.	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not identify
<b>Conclusion change</b>	
12. Conclusion change	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not identify

## **APPENDIX B**

### **Cochrane pregnancy and childbirth classification**

## **Cochrane pregnancy and childbirth classification**

### **Antenatal care**

1. Basic care during pregnancy
2. Antenatal care
3. Behaviour/advice during pregnancy
4. Nutrition during pregnancy
5. Symptom during pregnancy

### **Pregnancy complications**

1. Miscarriage
2. Medical problems during pregnancy
3. Multiple pregnancy
4. Antepartum haemorrhage
5. Infection during pregnancy
6. Fetal malpresentation

### **Fetal complications**

1. Fetal assessment before labour
2. Fetal disease
3. Prelabour rupture of membranes
4. Preterm labour

### **Intrapartum issues**

1. Care during childbirth
2. Induction of labour
3. Pain during labour
4. Fetal compromise during labour
5. Perineal trauma
6. Operative vaginal delivery
7. Caesarean section

### **Postpartum issues**

1. Postpartum haemorrhage/retained placenta
2. Care after childbirth
3. Lactation

**APPENDIX C**  
**WHO's member Countries**

## WHO's member Countries

There are 193 countries which are member of WHO (2008). They can be classified by developed-developing countries.

### List of developed countries; indexed by World Economic and Social Survey 2009.

Andorra	Luxembourg
Australia	Malta
Austria	Monaco
Belgium	Netherlands
Canada	New Zealand
Denmark	Norway
Finland	Portugal
France	San Marino
Germany	South Africa
Greece	Spain
Iceland	Sweden
Ireland	Switzerland
Israel	Turkey
Italy	United Kingdom
Japan	United States of America

### List of developing countries; indexed by World Economic and Social Survey 2009.

Afghanistan	Gabon	Panama
Albania	Gambia	Papua New Guinea
Algeria	Georgia	Paraguay
Angola	Ghana	Peru
Antigua and Barbuda	Grenada	Philippines
Argentina	Guatemala	Poland
Armenia	Guinea	Qatar
Azerbaijan	Guinea-Bissau	Republic of Korea
Bahamas	Guyana	Romania
Bahrain	Haiti	Russian Federation
Bangladesh	Honduras	Rwanda
Barbados	Hungary	Saint Kitts and Nevis
Belarus	India	Saint Lucia
Belize	Indonesia	Saint Vincent and the Grenadines
Benin	Iran (Islamic Republic of)	Samoa
Bhutan	Iraq	Sao Tome and Principe
Bolivia	Jamaica	Saudi Arabia
Bosnia and Herzegovina	Jordan	Senegal
Botswana	Kazakhstan	Serbia
Brazil	Kenya	Seychelles
Brunei Darussalam	Kiribati	Sierra Leone

Bulgaria	Kuwait	Slovakia
Burkina Faso	Kyrgyzstan	Solomon Islands
Burundi	Lao People's Democratic Republic	Somalia
Cambodia	Latvia	Sri Lanka
Cameroon	Lebanon	Sudan
Cape Verde	Lesotho	Suriname
Central African Republic	Liberia	Swaziland
Chad	Libyan Arab Jamahiriya	Tajikistan
Chile	Lithuania	Thailand
China	Madagascar	The former Yugoslav Republic of Macedonia
Colombia	Malawi	Timor-Leste
Comoros	Malaysia	Togo
Congo	Maldives	Tonga
Costa Rica	Mali	Trinidad and Tobago
Cote d'Ivoire	Mauritania	Tunisia
Croatia	Mauritius	Turkmenistan
Czech Republic	Mexico	Uganda
Democratic People's Republic of Korea	Moldova	Ukraine
Democratic Republic of the Congo	Mongolia	United Arab Emirates
Djibouti	Montenegro	United Republic of Tanzania
Dominica	Morocco	Uruguay
Dominican Republic	Mozambique	Uzbekistan
Ecuador	Myanmar	Vanuatu
Egypt	Namibia	Venezuela (Bolivarian Republic of)
El Salvador	Nepal	Viet Nam
Equatorial Guinea	Nicaragua	Yemen
Eritrea	Niger	Zambia
Estonia	Nigeria	Zimbabwe
Ethiopia	Oman	
Fiji	Pakistan

## Vitae

Name: Wanlop Jaidee

Date of Birth: September 1<sup>st</sup>, 1976

Place of Birth: Chonburi, Thailand

Marital status: Single

Education: 1994 - 1997 Bachelor Degree of Science (Environmental Health)  
Burapha University, Chonburi, Thailand

1999 - 2002 Master Degree of Science (Biostatistics)  
Mahidol University, Bangkok, Thailand

2004 - 2009 Doctor of Philosophy (Public Health)  
Khon Kaen University, Khon Kaen, Thailand
