

LIST OF TABLES

Table	Page
1.1 Export Value of Selected Export Industries, 2000-2006	7
4.1 Thailand's PPI Series Used as Proxy for Cost of Production (c)	37
5.1 Selected VECM Lag Order.....	39
5.2 Coefficients of Cointegrating Vectors (Symmetric Pass-Through)...	40
5.3 Test for Asymmetry	44
5.4 Coefficients of Cointegrating Vectors (Asymmetric Pass-Through).	45
5.5 Estimates of Error Correction Models (ECM), Dependent Variable: Δpxd	47
A1 List of Countries and Export Products at HS 4-digit and 6-digit Level Selected in Calculation of Competitors' Price Index.....	57
A2 Weights Assigned to Countries Selected in Calculation of Competitors' Price Index	61
B1 Augmented Dickey Fuller Test Results: Rubber Products.....	62
B2 Augmented Dickey Fuller Test Results: Canned Seafood	63
B3 Augmented Dickey Fuller Test Results: Iron & Steels	64
B4 Augmented Dickey Fuller Test Results: Furniture and parts	65
B5 Augmented Dickey Fuller Test Results: Motor cars, parts and accessories.....	66
B6 Augmented Dickey Fuller Test Results: Garments.....	67
B7 Augmented Dickey Fuller Test Results: Plastic Products.....	68
B8 Augmented Dickey Fuller Test Results: Chemical Products	69
C1 Johansen Cointegration Test Results: Rubber products	70
C2 Johansen Cointegration Test Results: Canned seafood.....	71
C3 Johansen Cointegration Test Results: Iron & Steels	71
C4 Johansen Cointegration Test Results: Furniture and parts	72
C5 Johansen Cointegration Test Results: Motor cars, parts and accessories.....	72
C6 Johansen Cointegration Test Results: Garments	73

C7 Johansen Cointegration Test Results: Plastic products	73
C8 Johansen Cointegration Test Results: Chemical products	74
C9 Johansen Cointegration Test Results: Plastic products (Asymmetric Pass-Through)	74
D1 Serial Correlation LM Test and White's Heteroskedasticity Test: Rubber products	75
D2 Serial Correlation LM Test and White's Heteroskedasticity Test: Canned seafood	76
D3 Serial Correlation LM Test and White's Heteroskedasticity Test: Iron & steels	77
D4 Serial Correlation LM Test and White's Heteroskedasticity Test: Furniture and parts	78
D5 Serial Correlation LM Test and White's Heteroskedasticity Test Motor cars, and accessories	79
D6 Serial Correlation LM Test and White's Heteroskedasticity Test: Garments	80
D7 Serial Correlation LM Test and White's Heteroskedasticity Test: Plastic products	81
