

**APPENDIX L**

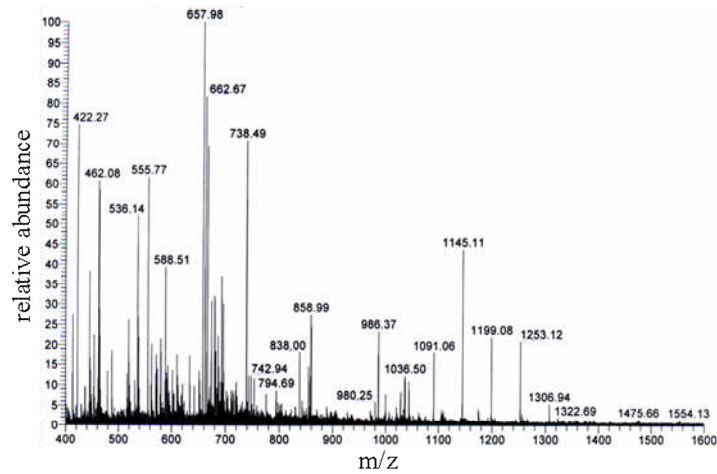

Mass spectrum of the protein in circle no. 1 of **Figure 53** (lower panel) identified as cobra venom factor

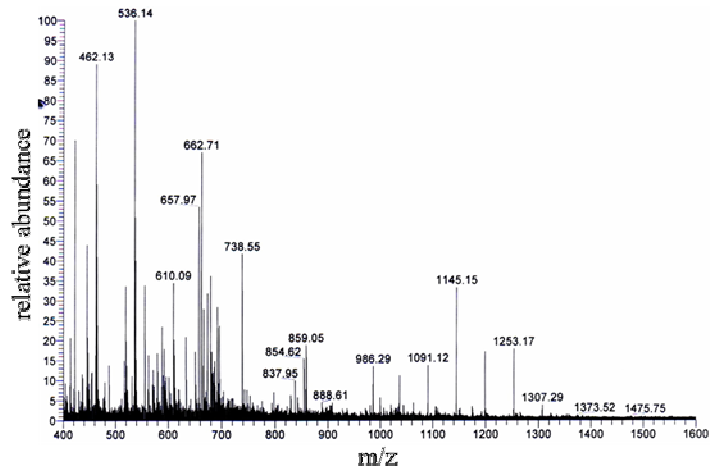

Mass spectrum of the protein in circle no. 3 of **Figure 53** (lower panel) identified as cobra venom factor

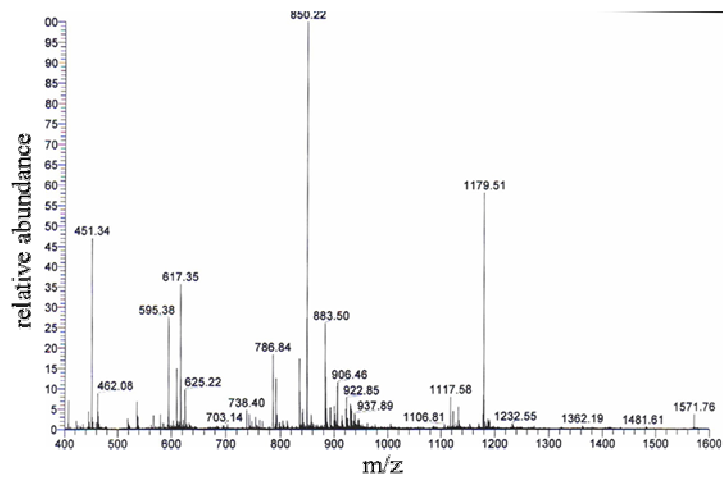

Mass spectrum of the protein in circle no. 4 of **Figure 53** (lower panel) identified as cobra venom factor

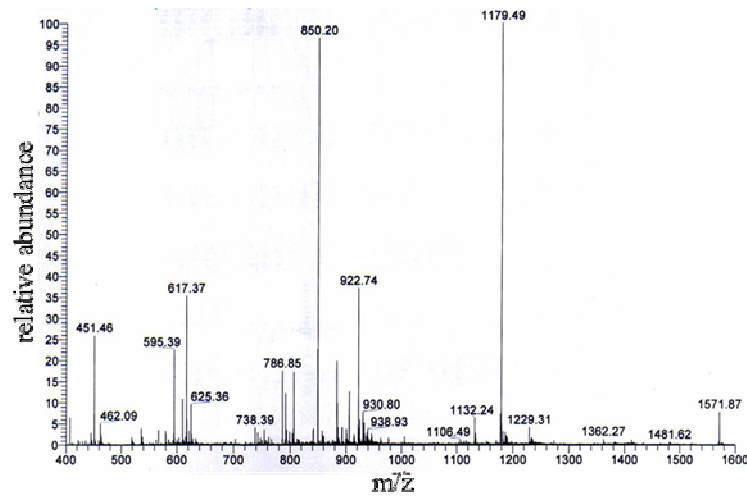

Mass spectrum of the protein in circle no. 5 of **Figure 53** (lower panel) identified as cobra venom factor

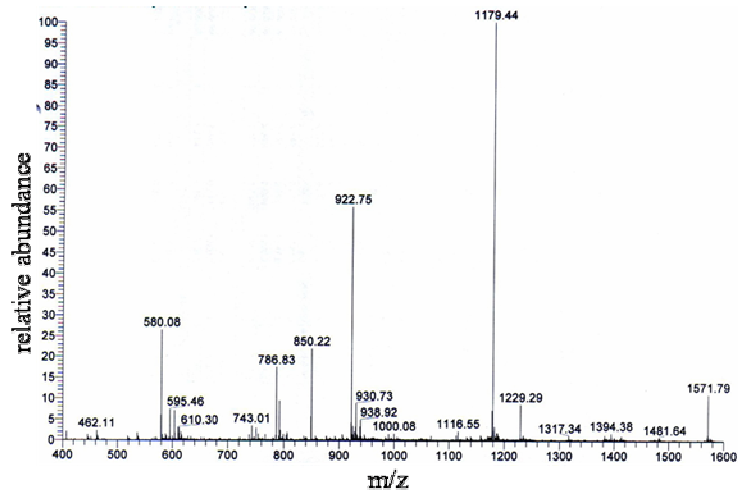

Mass spectrum of the protein in circle no. 6 of **Figure 53** (lower panel) identified as cobra venom factor

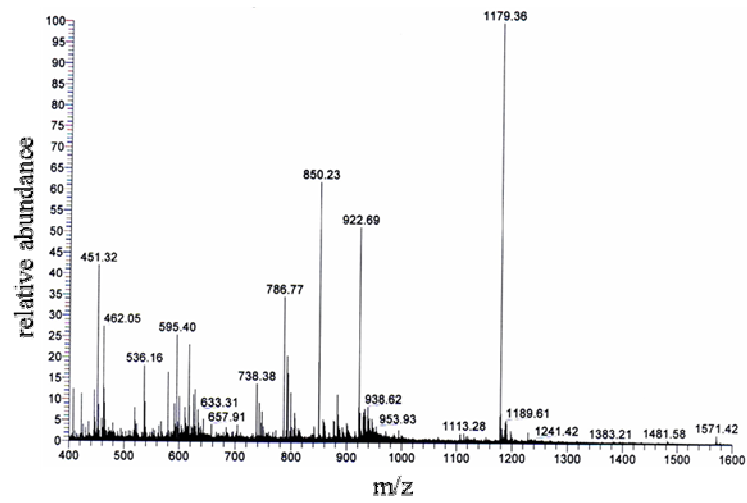

Mass spectrum of the protein in circle no. 16 of **Figure 53** (lower panel) identified as phospholipase A2

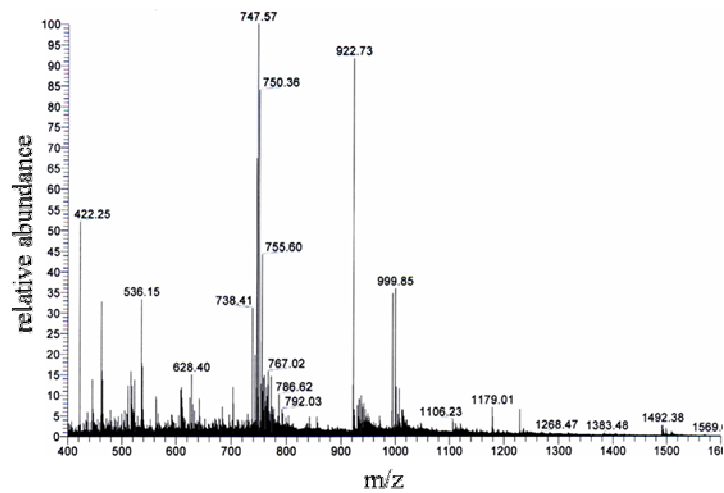

Mass spectrum of the protein in circle no. 17 of **Figure 53** (lower panel) identified as phospholipase A2

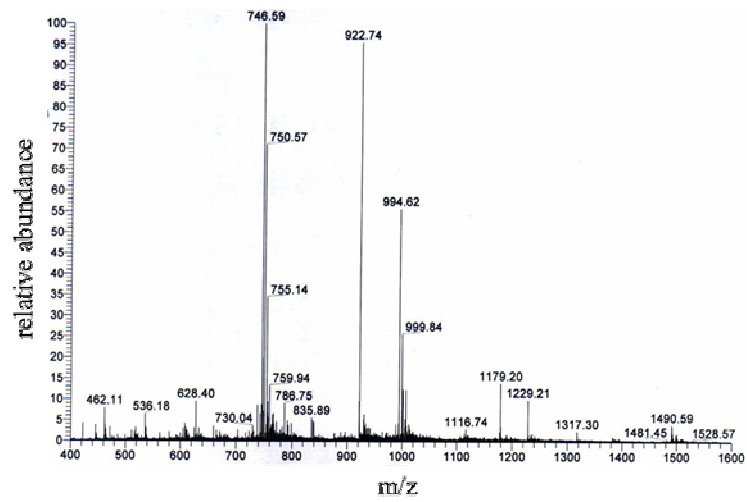

Mass spectrum of the protein in circle no. 18 of **Figure 53** (lower panel) identified as phospholipase A2

Mass spectrum of the protein in circle no. 19 of **Figure 53** (lower panel) identified as phospholipase A2

Mass spectrum of the protein in circle no. 20 of **Figure 53** (lower panel) identified as phospholipase A2

Mass spectrum of the protein in circle no. 21 of **Figure 53** (lower panel) identified as phospholipase A2
