

ACKNOWLEDGMENTS

I would like to express my gratefulness to all those who gave me the possibility to complete this research. Firstly, I am deeply indebted to my advisor, Assoc. Prof. Dr. Pratin Pimsan for his suggestions, generous guidance as well as prompt responses to my last-minute emails along the way of my work. Without you my work would not have been possible.

Sincere appreciation is extended to Niran Khumbangly, my generous TEFL 7 senior, who gave me rare copies of relevant research and useful suggestions. Your invaluable assistance and kindness encouraged me to finish my work at last.

Special thanks are extended to my ex-boss, Mr. Russell High, who is now my online English teacher. Thanks for devoting your time to proof read my writing and giving me superb comments. I do not forget your help and generousness.

Also I would like to express my thankfulness to all of my friends. Your supports and sympathetic encouragement mean a lot to me during my difficult times.

Last but not least, thank you especially to my mom for touching my life with love, true understanding and patience. You are a director working behind the screen.
