

ACKNOWLEDGEMENTS

I would like to express my sincere thanks to my adviser, Professor Billy Carlon, who has been very helpful and supportive of my effort. Special thanks go to Professor Usana Wongnarkpet and Professor Oranut Tatti who have helped me on questionnaire construction, translation and collection.

I wish to thank Assistant Professor Siripen Sutharoj for giving me a very good opportunity to be in this program, and all teachers especially Assistant Professor Kittitouch Soontornwipast as well as Ms. Jiraporn Petchthong (Khun Add) for their kindness and great effort.

I also wish to thank Mr. Borvorn Subsing for helping to analyze the data. My gratitude is also extended to both teachers and M.6 students of the College of Dramatic Arts for sharing the information on their perceptions of their learners' learning preferences and their learning preferences respectively.

My final thanks are extended to my classmates and my family who have been very supportive all these years and serve as my inspiration.
