

APPENDIX E

Reading Comprehension Passage A and the Exercise

Read the passage and answer the questions

Saturday Market

My brother Bill goes to the market every Saturday, and I always go with him. Our mother writes a list of food and we buy it for her. We take two big baskets with us. We buy lots of fruit and vegetables and put them in the car. We often meet our friend Tony and sit with him at the market café. I get a sandwich and eat it with a glass of fruit juice. When we get home, our mother starts cooking, and we often help her in the kitchen.
