

ACKNOWLEDGEMENTS

I would like to express my gratitude and appreciation to those who helped me to complete this independent study project. First of all, I wish to thank Mr. Warren H. Thomson for having spared his precious time to give me valuable guidance and comments from the start until the completion of this research study. I am also very grateful to all teachers of the Language Institute, Thammasat University, who are always helpful and give constructive advice to the students.

Without the kind support from all 129 employees of the Royal Bangkok Sports Club, this research study could not have been successful. Many thanks for their cooperation in filling in the questionnaires.

I would like to also express my appreciation to my friends for their useful guidance on this research. Also, I wish to thank Ms. Chanita Suwansantisuk who gave advice to me on analyzing data from SPSS program.

Finally, I would like to express my deep gratitude to my mother, brother and sisters for their support and encouragement.
