

## ACKNOWLEDGEMENTS

This independent study could not have been completed without support from many people and institutions. I would like to take this opportunity to sincerely thank Mr. Jamlong Rungrueng, my employer, for his permission in conducting this study. I am also grateful to my adviser, Assistant Professor Tanom Tiensawangchai, for valuable guidance and advice.

I would like to thank all of the instructors of the Language Institute, Thammasat University, who sacrifice their time, effort, and knowledge for us. In addition, thanks to the administrative staff of the Language Institute for their help and suggestions. I would also like to thank all of my friends who supported me throughout the program. Without them, I could not have completed this paper.

Special thanks to my colleagues and learners at JPM Multimedia Co., Ltd; I could not have concluded my study without the data and information supported by them. Lastly, I would like to express my sincere appreciation to my family who gave me strength and encouragement to complete this study.

I would like to apologize for any mistakes which might have accidentally occurred in this study. However, I hope that the results of the study will be useful for the development of distance English courses provided by JPM Multimedia Company Limited and other institutions who plan to establish distance language learning.
