

ACKNOWLEDGEMENTS

This independent study would never have been completed without great support from many groups of people. The director, Khun Nittaya Sararat, has shown a great understanding and provided assistance for the time allowed for the completion of the study. I would like to express my honest appreciation to Associate Professor Dr. Damrong Attaprechakul, my advisor, for his invaluable advice and kindness.

No equivalent expression can be found to represent the gratitude for the wonderful support and commitment to their students from all the instructors of the Language Institute, Thammasat University. I would also like to express my sincere thanks to the administrative staff of the institute for their valuable assistance and suggestions. Honestly, my study wouldn't have been so enjoyable without my friends, who always supported me throughout the course.

Moreover, I would like to convey my great appreciation to the AFS participants of 2006-2007 for their completion of the questionnaires.

Finally, I would certainly like to express my heartfelt appreciation to my family who always gave me strength and encouragement to fulfill one of the ultimate goals in my life, the Master of Arts (English for Careers), Language Institute, Thammasat University.
