

ACKNOWLEDGEMENTS

I would like to express my grateful appreciation to Ajarn William T. Carlon, my beloved advisor, for his great help, support and encouragement throughout the process of doing this research paper. Without his useful guidance and suggestions, I would not have been able to complete my work. I also would like to convey my deep gratitude to all my supporters:

To my family for their love and dedication.

To all my teachers and of course, my classmates in the Master's degree in Teaching English as a Foreign Language Program for sharing every happy and tough moment in class with me. In particular, special thanks go to Ms. Roogtip Wongpatikarn for coding and running the SPSS program.

To all native and Thai teachers at Speak Eazy Co.,Ltd for their kind cooperation in replying to the questionnaires.
